

# ALMATEC pumps meet ATEX requirements

ALMATEC Maschinenbau GmbH received the Registration-No. 03 ATEX D004 by the Physikalisch-Technischen Bundesanstalt (PTB) located in Braunschweig. Herewith the conformity with directive 94/9/EG (ATEX 100 A) can be certified for all above ALMATEC pneumatic diaphragm pumps. Non-electrical devices – and that means pneumatic diaphragm pumps too – are classified in group II, category 2.

All ALMATEC pneumatic diaphragm pumps which meet the ATEX requirements are marked according to the directive 94/9/EG as follows:
